

# Companies Who Hired F1 Candidates from UB School of Management

The organizations below hired international graduates from the University at Buffalo School of Management from 2023 – 2025.

Some organizations hired more than one candidate at the same location. There is no guarantee these companies will hire international candidates in the future or in the functional area you are studying. You can check the resources found on the [CRC International Career Tools webpage](#) to see if they petitioned for H1B visas this past year and how many.

We did not list job titles of the graduates for confidentiality reasons. If the company hired an F1 visa holder in the past, they are a potential employer to investigate. We recommend you visit the career pages of these organizations to identify current job postings that may suit your employment needs and visit LinkedIn to network with alumni who may still work at these organizations. The Career Resource Center does not necessarily endorse any of these organizations.
